

HOST INTERNATIONAL BEGINS MANAGING OAKLAND INTERNATIONAL AIRPORT CONCESSIONS

Host International assumed full responsibility for Oakland International Airport's concessions management contract on June 1st after the contract for Delaware North Company, which has managed the concessions program at Oakland International since 1984, ended. Host is now responsible for the majority of food, beverage and retail concessions at the airport. The 10-year contract includes the majority of concessions in the renovated areas of Terminal 2 and in Terminal 1.

Host's plan is to ensure continuity of concessions for passengers in key traffic areas as they continue their expansion and renovations. Over the next few weeks, airport customers will enjoy new and expanded brands such as *Pyramid Taproom*, *The Oakland Tribune* and *Starbucks*.
