#### **I. Web Access Monitoring System (WAMS)**

Elations is receptive to meeting with Port and DSI to improve the reporting to allow for reconfiguring the MAPLA local hire data. Important for the different contracting entities to track and share information on contractors that consistently demonstrate non-compliance with hiring goals. Moses Dos Los Reyes may have information on what the County of Alameda does to gather and connect this information. Have Moses report on this at the next Local Hire Sub Committee meeting.

#### **II MAPLA Annual Administrative Report**

Jo Ann Yoshioka reported that the Annual MAPLA Progress Report will go before the Port's Administrative Committee on April 28<sup>th</sup>. The members of the Administrative Committee are:

- Victor Uno
- Pam Callaway
- Anthony Bartase

#### **III. MAPLA Project Reports**

The Local Hire Sub Committee reviewed the MAPLA Project Information compiled through the period ending March 31, 2009. Special attention was given to the subcontractor's working on Gallagher & Burk's Berth 30-33 Yard & Gate Project. The Committee recommended that a copy of the April 8<sup>th</sup> meeting minutes be sent to Gallagher & Burk along with a report on the performance of subs on that job. A special updated report through the period ending April 10, 2009 will be sent to Gallagher & Burk on their subcontractors.

John Brauer expressed interest in having the Port report on the Maintenance and Annual Contracting activity. It was requested that Chris Chan be invited to the May 13<sup>th</sup> Local Hire Sub Committee meeting and report on this activity. Gene will contact Chris about this matter.
