

## **Oakland International Airport Has Tenth Consecutive Year of Passenger Growth**

I'm pleased to announce that Oakland International Airport had its tenth consecutive year of passenger growth last year.

Oakland International served 14.6 million passengers in 2007, an increase of 1.3 percent over the previous year. This growth is due to new and expanded service by low-cost and international airlines such as ATA, Delta, Southwest and TACA.

Other airport accomplishments in 2007 included: Completing the Terminal 2 renovations; providing new concessions for the traveling public; and making improvements to the roadways, curbsides, parking lots and tarmac. Special thanks to our Aviation staff for their continued great work.
