I. Project Overview

A. Introduction

The Port of Oakland is soliciting proposals from qualified consultants (Proposers) to provide professional services to conduct an Energy Innovation Study for the Port of Oakland, including evaluation of the Port's operations and the operations of its tenants, including related buildings, facilities, vehicles and equipment.

B. Port of Oakland Background

The Port of Oakland (Port) is a public agency established in 1927 as a grantee of the state tidelands trust. The Port is responsible for the Oakland seaport, Oakland International Airport, commercial real estate, and 20 miles of waterfront along the Oakland Estuary.

Under the City of Oakland's Charter, the Port is an autonomous department of the City of Oakland governed by a Board of Port Commissioners, with independent budgeting and policy-making authority. Unlike other City departments, the Port receives no local tax dollars or other regular, on-going operational subsidy from the City or region, and generally funds itself through revenues generated by its operations as well as grants secured for specific projects and programs.

The Port's seaport (Maritime Division) is the fifth busiest container port in the U.S. The seaport is a "non-operating port"; while the Port owns the property, has planning jurisdiction, and develops much of the supporting infrastructure, it does not operate the cargo handling facilities. Rather, the Port is a landlord, establishing land use agreements with tenants, while maintaining responsibility for many of the related environmental impacts.

The Port is responsible for the operation of the Oakland International Airport (OAK, Aviation Division), which is comprised of two distinct areas: North Field, serving general aviation customers (corporate jets, small private aircraft and related support services), and South Field, which offers both the passenger services usually associated with large commercial airports and air cargo handling facilities. The Port maintains infrastructure, facilities, buildings, and aircraft operating areas. Oakland International Airport is the second largest San Francisco Bay Area airport offering over 300 daily passenger and cargo flights.

The Port's Commercial Real Estate Division manages properties that are not part of Maritime or Aviation. These are primarily commercial properties located on, or close to, the Oakland Estuary, like Jack London Square, but also include hundreds of acres of public parks and conservation areas.

The Port is one of - if not - the only in the country that oversees a major airport, a seaport, commercial real estate, and municipal utilities. The Port's Engineering Division houses the Port's Utilities Department, which distributes electricity, natural gas, telecommunications, as well as water and sewer services. The Port's utility is regulated by the Board of Port Commissioners and is subject to certain federal and state regulations such as energy reliability, Renewable Portfolio Standards and the Cap and Trade program. The Port purchases electricity from the wholesale market, uses the state transmission grid, and owns the distribution infrastructure to directly serve its customers. The Port Utility is responsible for managing the Port's energy portfolio, electricity rates, monitoring regulations and customer billing, as well as the administration of the rebate program.

Together, through Port operations and those of its tenants and users, the Port supports nearly 75,000 jobs in the region and over 825,000 jobs across the United States.

C. The Port Energy Innovation Initiative

In consultation with community stakeholders, environmental policy advocates, and other partners, the Port Energy Innovation Initiative (Initiative) was formed in 2011 by the Port to address the Port's energy, environmental, climate and sustainability objectives. The Initiative builds on the work done to date by the Port and its tenants and stakeholders.

The Port sees the Initiative as a way to put innovative energy efficiency and renewable energy technologies and strategies to work to achieve multiple potential benefits that align with the Port's five-year strategic plan focused on economic development, innovation, sustainability, and core business strength. Some of the areas where the Port would like to focus its efforts are:

1. **Healthier communities** through reduced emissions - especially local criteria pollutants and diesel particulates;
2. **Competitiveness** through lower energy costs for the Port and our tenants, customers, and stakeholders;
3. **Sustainability** through stewardship of limited financial, capital, and natural resources related to energy;
4. **New technologies** to achieve emission reduction and environmental objectives;
5. **Jobs** created by implementation of the Energy Innovation Study through economic development, including potential clean tech-related employment;
6. **Reduced carbon footprint** through compliance with California's leading greenhouse gas regulations;
7. **Enhanced energy independence and resilience** through energy efficiency, renewable energy, distributed generation, and utility infrastructure optimization - specifically greater security of adequate local supply of energy despite grid disruptions from natural or human-induced disasters.

While the Port pursues sustainability across all of its operations and is committed to supporting healthy communities, innovative environmental stewardship and investment in new technologies and infrastructure at the Port may come with operational and technical challenges that could impact the Port's competitive position. The Port believes that its unique mix of assets will transcend these challenges and provide an opportunity to instead develop a competitive advantage.

While the Port has taken many leading steps toward sustainability with its Maritime Air Quality Improvement Plan; renewable energy portfolio goals; photo-voltaic solar array; LEED and Energy Star Certification of Port buildings; alternative fuel policies and infrastructure including compressed natural gas and electric vehicle charging stations, the time is right to redefine the Port's energy future and integrate long-term energy planning into the Port's core business areas. Energy is trending away from fossil-based transportation fuels to alternative renewable fuels and grid-based electricity, ideally from renewable and sustainable sources. Instead of waiting for these demographic, economic, and policy realities to materialize, the Port would like to continue its strong track record of innovative leadership by trail-blazing toward long-term energy sustainability.

D. Energy Innovation Study

At the Port of Oakland, energy usage across all modes – land, sea and air – is critical. Power demands from existing Port facilities are increasing due to on-going electrification projects at the Seaport and Airport; energy costs continue to rise as renewable sources become a larger part of the Port's energy portfolio, and the energy market is subject to potential volatile price fluctuations.

The Port is in a unique position – with multiple business lines under one roof, located on the sunny-side of San Francisco Bay, and surrounded by an engaged community with a need for green tech jobs.

The Port is soliciting proposals from qualified Proposers to provide professional services for the development of an Energy Innovation Study that will:

- A) develop a vision that encapsulates and crystallizes the “game-changing” potential of energy at the Port,
- B) lay the groundwork for a roadmap that provides a buildable long-term energy framework that goes beyond knowledge and drives action through a series of short- and long-term actionable recommendations.

This contract will be managed by a cross-divisional team of Port staff. The Port expects consulting teams comprised of a lead Proposer (as the Prime Consultant) and a number of supporting Sub-consultants (hereafter collectively referred to as the “Consultant”) will respond to this Request for Proposal (RFP). It is the intent of the Port to enter into one professional services contract valued at approximately \$100,000, pending approval by the Board of Port Commissioners (Board). The contract will be for professional services over a one-year period related to the Scope of Work. Note that the contract value and the duration of contract are subject to change until adopted by the Board.

I. Scope of Services

A. General Services

Work will consist of professional services for the development of an Energy Innovation Study to include mobile and stationary energy sources in use by Port and tenant operations, buildings, facilities, vehicles, and equipment. The Energy Innovation Study will be one document that encompasses, at a minimum, the three tasks outlined below.

Task 1. Existing Conditions

Perform a fundamental analysis of existing conditions and establish an energy baseline for long-term demand projections based on, but not limited to, a review of the following:

- a) Port and tenant operations, buildings, facilities, vehicles and equipment;
- b) previously conducted energy audits and reports;
- c) current related Port, local, state and federal policy;
- d) environmental and regulatory landscape;
- e) historical energy usage data and existing energy portfolio data; and
- f) current Port capital improvement project plan.

Task 2. Regulatory and Alternative Energy Market Assessment

Conduct a needs assessment to identify energy demand/carbon footprint reduction potential through energy efficiency, renewable energy and alternative clean energy initiatives. Conduct a market assessment of available and developing energy generation technologies and their potential to meet the Port’s future needs. At a minimum, the assessments include, but are not limited to, the following:

- a) current and forecasted (20-year) demand for the Port’s energy needs and electrical distribution system;
- b) current and forecasted capacities of current Port electrical distribution systems;
- c) benchmark analysis to determine savings potential;
- d) future trends in aviation, maritime and energy industries as they relate to the Port’s energy needs
- e) future trends in state power and fuel markets and likely future scenarios for energy supply and demand management;
- f) alternative energy technologies and justification of their potential suitability for the Port;
- g) potential strategic partnerships with stakeholders;
- h) federal, state and private funding opportunities; and
- i) state, and federal level policy to support Port Utilities’ transition to renewable power generation.

Task 3. Vision / Port Policy Recommendation

Crystallize a vision for the Port's energy future and long-term energy independence. For instance, is it feasible the Port could be powered by all electric, all renewable power sources by 2050? Could the Port become carbon-neutral? Could the Port in fact become energy independent or even become an energy producer in the future? How can the Port best leverage its strengths and uniqueness to take advantage of rapidly evolving technologies?

B. Deliverables

Work with the Port to conduct three white-paper level reviews of the Port's three above-mentioned tasks. The reviews should be combined into one energy roadmap that will form the basis for a policy recommendation and a framework for the fuller development of the Port's Energy Vision and Implementation Plan.

C. Locations of Sites

The Port is decentralized and spread across approximately twenty miles within the City of Oakland. It is recommended that the proposer review at a minimum the following five sites:

1. Port Headquarters 530 Water Street, Oakland, CA 94607
2. Oakland International Airport, 1 Airport Drive, Oakland, CA 94621
3. Aviation Facilities, 8500 Earhart Road, Oakland, CA 94621
4. North Field Administration Building, 9532 Earhart Road, Oakland, CA 94621
5. Harbor Facilities, 651 Maritime, Oakland, CA 94608

D. Projected Time Line and Length of Contract

The scheduled completion date for this project is 12 months from the Port's Notice to proceed, with the first draft of the deliverables due approximately none months after the Port's Notice to Proceed. The submittal schedule is as follows:

Activity	Date
Request for Proposal issued	August 5, 2013
Pre-bid meeting with Proposers	August 15, 2013, 9:00 a.m.
RFP clarification questions due	August 22, 2013
RFP clarification answers provided	August 27, 2013
Written proposals due	September 20, 2013, 11:00 a.m.
Notify Proposers of short-list	Approximately October 4, 2013
Proposer interviews	Approximately October 18, 2013
Staff identifies successful Proposers	Approximately October 25, 2013
Contract with Proposers executed	Approximately October 31, 2013

III. Port Policy Requirements

The selected Respondent will be required to comply with the following Port Policy Requirements:

1. **Non-Discrimination and Small Local Business Utilization Policy (NDSLBU):**

The Port desires to maximize the participation of small local business and has instituted a Non-Discrimination and Small Local Business Utilization Policy (NDSLBU). The NDSLBU consists of two parts:

- Non-Discrimination policy which all Suppliers (Respondents) must adhere to, and must provide proof with their proposals
- Preference points to small local businesses who qualify under the Port's definition of a small local business. To receive these preference points, Suppliers (Respondents) must download a Certification Application at: <http://www.portoakland.com/srd/certifie.asp> and submit it along with any supporting documentation to the Port's Social Responsibility Division seven (7) days prior to the proposal due date.

A summary of the Port's Non-Discrimination and Small Local Business Utilization Policy is included herein as **Attachment 4**. The entire policy is available at:

http://www.portoakland.com/pdf/ndslbu_policy.pdf

Suppliers already certified with the Port do not need to submit proof of certification, but still need to check the Port's certification database at: <http://www.portoakland.com/srd/> to ensure their certification has not expired and should fill out the Chart for Submitting Data for Calculation of Preference Points (**Attachment 4-A**), and the Local Participation Questionnaire (**Attachment 4-B**), and submit them with your proposal. All Suppliers (Respondents) must still provide proof of adhering to the Port's Non-Discrimination policy.

A copy of the Port-certified Small Local Business Enterprises can also be downloaded at: <http://www.portoakland.com/srd/>

For questions or assistance regarding NDSLBU, contact Ms. Donna Cason, Contract Compliance Officer, (510) 627-1252, at the Port's Social Responsibility Division, or fax requests to (510) 451-1656.

2. **Insurance Requirements:**

All Respondents who plan on submitting a proposal in response to this RFP must meet the Port's Insurance requirements listed in the Professional Services Agreement – See **Attachment 9, Appendix C**, and must include a statement with their proposal agreeing to the Port's insurance requirements and indicate they will be able to obtain the proper insurance at the time of project award.

3. **Security Sensitive Information:**

By submitting a proposal, Respondent acknowledges that in the course of performing services under this contract, the selected consultant will come into possession of sensitive information subject to Port of Oakland regulation. Those firms which are included on the short list for final consideration will be required to comply strictly with the Port of Oakland's policies and practices for sensitive information.

4. **Living Wage Policy:**

On March 5, 2002, the voters in the City of Oakland passed Measure I, adding to the City Charter Section 728 ("§728") entitled "Living Wage and Labor Standards at Port-assisted Businesses." §728 requires Port Aviation and Maritime businesses that meet specified minimum threshold requirements to pay all nonexempt employees a Living Wage rate established by City Ordinance and adjusted annually based on the Consumer Price Index for the San Francisco, Oakland and San Jose area. The current Living Wage rate as of July 1, 2013 is at least \$11.96 with credit given to the employer for the provision to covered

employees of health benefits, and \$13.75 without credit for the provision of health benefits. Specifically, §728 applies to Port contractors and financial assistance recipients with the Aviation or Maritime divisions that have contracts worth more than \$50,000 and that employ more than 20 employees who spend more than 25% of their time on Port-related work. §728 also provides covered employers with incentives to provide health benefits to employees, establishes a worker retention policy, requires covered employers to submit quarterly payroll reports and requires covered employers to allow Port representatives access to payroll records in order to monitor compliance and labor organization representatives access to workforces during non-work time and on non-work sites. Covered employers are responsible for complying with the provisions of §728 from the date the covered contract is entered into. When a contract is awarded, the Respondent will be required to fill out the attached Employer Self-Evaluation for Port of Oakland Living Wage Form(see **Attachment 5-A**) and Certificate of Compliance—Living Wage (**see Attachment 5-B**) and return them to the Social Responsibility Division. (i.e., do not include these forms in with your proposal). For more information, please call Connie Ng-Wong in the Port of Oakland's Social Responsibility Division at (510) 627-1390.

Respondent shall acknowledge Living Wage review and compliance by submitting the Statement Living Wage Requirement (**Attachment 6**) with the proposal.

5. Port's Standard Professional Services Agreement:

Submission of a proposal will confirm that the proposer fully understands the provisions of the Port's Professional Services Agreement (**Attachment 9**) and will execute such agreement if awarded the contract. Any objections to any provisions in such contract must clearly be identified in your proposal. Changes are discouraged.

IV. Submission Requirements

The Port has scheduled a Pre-proposal meeting on the date indicated in the table labeled "Proposal Information", to review the submission requirements.

Please respond to the following eight submission requirements in a straightforward, concise delineation of your capabilities proposed to satisfy the requirements of the RFP. The Port will use your responses to objectively determine your capabilities and experience. Please label your responses 1 through 8, in the order presented below. Please limit your total response to the number of pages indicated below (excludes the required attachment forms provided with this RFP).

Submittal Format:

Responses may not be longer than 20 pages one-sided (or 10 pages double-sided), printed on 8 ½" x 11" paper and formatted in no smaller than 10 point font. Each section shall be labeled according to the sections below. All submitted material must be bound with only **one staple or binder clip** in the upper left corner. Please no binders or any other type of binding. Submittals must be able to fit into a 9 x 11.5 inch folder.

1. Company Information: Provide the name of your company (including the name of any parent company), business address, email address, Federal Tax ID number, telephone and fax numbers, and names and titles of key personnel and a brief history of your company. Identify the names of any sub-consultants you will be partnering with. Provide a brief statement of who is authorized to submit the proposal on the behalf of your firm. Please make sure that person signs and dates the statement.

2. Knowledge and Experience: Provide relevant information about your company's knowledge and experience, including a list of three or more projects (in similar size and scope to this RFP), with brief descriptions that demonstrate your experience.

The Consultants chosen to provide the Port with energy policy and strategy consulting services should have the capability to perform work including, but not necessarily limited to, the subject areas discussed in this RFP and those indicated below. The Consultant proposer must be capable of performing many of the environmental services itself. The Consultant proposer will not necessarily be disqualified if its areas of expertise do not include all of the following services (in approximate order of importance):

- Energy and Utilities Policy, Planning and Market Trends
- Clean and/or Renewable Energy Distribution and Market Trends
- Sustainability and Climate Change
- Energy Efficiency and Resilience
- Regulatory Compliance
- Alternative Fuels

3. Clients: Provide names, addresses and contact information for three (3) current clients. Provide the size and scope of each project and a brief description of the projects. Please make sure all contact information is current. By providing such information, you authorize us to contact such clients.

4. Plan and Approach: Provide an overview describing the general approach, scope of services, and methodology of your firm's ability to fulfill the general functions required in this RFP. Please use this section to describe the services you propose to provide to the Port. Your services can be above and beyond the requirements listed in the "Scope of Service" section.

5. Proposed Costs: Please provide the billing rate sheet for the proposed project team. Provide proposed cost for each of the three tasks listed under the Scope of Services section.

6. Debarment: Provide a written statement that your company has not been debarred from providing services to any State or Federal Agency within the last five (5) years. Sign and Date your statement. If your firm has been debarred, you will need to provide background information and reason for the debarment. Provide the name and contact information for the agency that debarred your firm. The Port must review the reason and duration for the debarment before it can determine if your firm can be considered for this project.

7. Port Policy Requirements: Provide documentation to support the policy requirements listed in the Section III (Port Policy Requirements). Any exceptions to the Port's Professional Services Agreement must be clearly set forth in your proposal.

8. Required Forms: The Respondent must fill out all forms included in the RFP (listed in the attachments section) and return them with your proposal. Failure of the Respondent to provide any information requested in the RFP may result in rejection for non-responsiveness. These required forms will not count against the maximum page count (indicated above) for your response.

V. Evaluation Criteria

Prior to contract award, the Port must be assured that the Respondent selected has all of the resources required to successfully perform under the contract. This includes, but is not limited to, personnel with the necessary and required skills, equipment/materials and financial resources sufficient to provide services called for under this contract. If during the evaluation process, the Port

is unable to assure itself of the Respondent's ability to perform under the contract, if awarded, the Port has the option of requesting from the Respondent, any information that the Port deems necessary to determine the Respondent's capabilities. If such information is required, the Respondent will be notified and will be permitted five (5) working days to submit the requested information.

In awarding the contract, the Port will evaluate a number of factors in combination. Please make sure you have submitted responses to all items listed in the Submission Requirements section, as your responses will be evaluated based on the weights listed below.

A. Evaluation Weights

Item	Criteria	Weights
1	<u>References, Resources, and Key Personnel</u> Respondent's capacity to provide professional service as evidenced by past performance, company information, resources, debarment statement, and from list of key personnel. (Items 1, 3, and 6 of Submission Requirements section.)	15%
2	<u>Knowledge and Experience</u> Respondent's knowledge and experience in providing professional services related to energy and utility planning, as evidenced from your response to item 2 of Submission Requirements section.	15%
3	<u>Plan and Approach</u> As evidenced from your response to item 4 of Submission Requirements section.	35%
4	<u>Proposed Costs</u> As evidenced from your response to item 5 of Submission Requirements section. Make sure you clearly delineate the cost of the three main tasks listed in the Scope of Services.	15%
5	<u>Port Policy Requirements and Required Forms</u> Does your firm adhere to the Port's Non-Discrimination Policy? And has your firm submitted all the Policy requirements and forms listed in items 7 and 8 of Submission Requirements section?	5%
6	<u>Non-Discrimination Small Local Business Utilization Policy</u> Does your company meet the Port's definition of Small Local Business? The Port will evaluate companies that have provided substantiating documentation to prove they meet the Port's definition of Small Local Business, and award qualifying companies up to the maximum 15 points.	15%
	Total	100%

B. Selection Procedure:

All proposals received by the deadline which meet the RFP's requirements will be presented to the evaluation committee comprised of Port staff and possibly external members. The evaluation committee will evaluate the proposals and score all submissions according to the evaluation criteria above. The Port will notify the top 5 scoring Proposers and schedule them an interview with the evaluation committee. Interview details and scoring requirements will be provided to the selected Proposers prior to the interviews.

VI. Additional Provisions

The terms "Company", "Consultant", "Contractor", "Proposer", "Respondent", "Seller", "Supplier", and "Vendor" whenever appearing in this RFP or any attachments, are used interchangeably to refer to the company or firm submitting a proposal in response to this RFP.

A. Port's Legal Name and Jurisdiction

The Port of Oakland (the "Port") is legally known as the City of Oakland, a Municipal Corporation, Acting by and through its Board of Port Commissioners. The Port is an independent department of the City of Oakland. The Port has exclusive control and management of all Port facilities and properties. Port facilities and properties consist of marine terminals, a railway intermodal terminal and container storage areas (collectively, the "Seaport"); the Oakland International Airport (the "Airport"); and commercial and industrial land and properties (collectively, "Commercial Real Estate"); and other recreational land, other land, undeveloped land, and water areas, all located in Oakland, CA. The Port issues Purchase Orders under the name Port of Oakland.

B. Ownership of Proposal

All rights to information developed, disclosed, or provided in a Proposal and its attendant submissions are the property of Port, unless a Respondent makes specific reference to data that is considered proprietary. To the extent that a Respondent does not make specific reference to data that is considered proprietary, submission of an RFP constitutes the Respondent's express (a) grant and assignment of a perpetual, transferable (in whole or in part), non-exclusive royalty-free license to the Port for copyright, patent, or other intellectual property right (collectively referred to as "intellectual property"), and (b) agreement that the Port may use any such intellectual property without charge for any lawful purpose in connection with other Port development projects, including without limitation the creation of derivative works and issuance of sublicenses.

C. Public Records Act

Per the Public Records Act (Gov. Code 6250 et seq.), the Port may be obligated to make available to the public the submitted proposal and all correspondence and written questions submitted during the Request for Proposal process. However, such disclosure shall not be made prior to the date on which the Port publishes a final Board agenda report recommending award of the contract. Any trade secrets or proprietary financial information, which a Respondent believes should be exempted from disclosure, shall be specifically identified and marked as such. Blanket-type identification by designating whole pages or sections shall not be permitted and shall be invalid. The specific information must be clearly identified as such.

The Port reserves the right to independently determine whether any document is subject to disclosure and to make such information available to the extent required by applicable law, without any restriction

D. Indemnification

If Respondent is selected to receive a contract, it will be required to agree to the indemnification clause contained in the Professional Services Agreement. **See Section 5** of the Professional Services Agreement (**Attachment 9**).

E. Reimbursable Expenses

All expenses incidental to performing Consultant's Basic Services including, but not limited to, reproduction of documents and other materials associated with Respondent's deliverables and presentation materials; transportation and subsistence; telephone, computer, facsimile, or other similar costs; and the like, shall be included within the Contract Price.

F. Port's Right to Modify

Respondents are advised that the Port has not incurred any obligations or duties in soliciting this Request for Proposal. The Port reserves the right to reject any or all proposals submitted in response to this RFP; to request additional information or clarification of information

submitted; to cancel or modify, in part or in its entirety, this RFP; to request new RFPs or pursue any other means for obtaining the desired services; to waive any informalities or minor irregularities in the RFP, and other inconsequential deviations from the RFP's requirements. The Board of Port Commissioners retains the right to award this project in part or in total to the Respondent(s) of its choice, and to decide to undertake the project or to terminate the project at any time prior to approval of a formal contract.

G. Conflicts of Interest

By submitting a proposal, the Respondent represents that it is familiar with Section 1090 and Section 87100 et seq. of the Government Code of the State of California, and that it does not know of any facts that constitute a violation of said sections in connection with its proposal. Respondent also represents that its proposal has completely disclosed to the Port all facts bearing upon any possible interests, direct or indirect, which Respondent believes any member of the Port, or other officer, agent or employee of the Port or any department presently has, or will have, in any agreement arising from this RFP, or in the performance thereof, or in any portion of the profits there under. Willful failure to make such disclosure, if any, shall constitute ground for rejection of the proposals or termination of any agreement by the Port for cause. Respondent agrees that if it enters into a contract with the Port, it will comply with all applicable conflict of interest codes adopted by the City of Oakland and Port of Oakland and their reporting requirements.

H. Cost of Preparing a Response

All costs for developing a response to this RFP and attending any proposal meetings or selection meetings are entirely the responsibility of the Respondent and shall not be chargeable to the Port.

I. Law Compliance

The Respondent must comply with all laws, ordinances, regulations and codes of the Federal, State, and Local Governments, which may in any way affect the preparation of proposals or the performance of the contract.

J. Respondent's Relationship

The Respondent's relationship to the Port shall be that of independent contractor and not deemed to be agent of the Port.

K. Proposal Considerations and Legal Proceeding Waiver

The Port has absolute discretion with regard to acceptance and rejection of proposals. In order to be considered the party submitting a proposal waives the right to bring legal proceedings challenging the Board of Port Commissioners choice of the award.

L. False Statements

False statements in a proposal will disqualify the proposal.

M. Taxes

The Respondent will be responsible for all Federal, State, and Local taxes.

N. Grade of Service

The Respondent must provide professional service and maintain appropriate personnel to provide expedient and courteous service.

O. The Respondent's Liability

Consistent with its obligations as set forth in the "Indemnification and Liability" Section (Section 5) of the Professional Services Agreement, the Respondent shall be responsible for any and all damages to the Port's premises resulting from the negligent acts or willful misconduct of the Respondent's agents or employees.

P. Amendments

The Port may, at its sole discretion, issue amendments to this RFP at any time before the time set for receipt of proposals. The Respondents are required to acknowledge receipt of any amendments (addenda) issued to this RFP by acknowledging the Addendum in the space provided on the RFP Acknowledgement and Signature Form. The Port shall not be bound by any representations, whether oral or written, made at a pre-proposal, pre-contract, or site meeting, unless such representations are incorporated in writing as an amendment to the RFP or as part of the final contract. All questions or requests for clarification concerning material terms of the contract should be submitted in writing for consideration as an amendment.

Q. Withdrawal or Modification of Offers

The Respondent may modify or withdraw an offer in writing at any time before the deadline for submission of an offer.

R. Acceptance

Any offer received shall be considered an offer which may be accepted or rejected, in whole or in part, by the Port based on initial submission with or without discussions or negotiations.

S. Representations

No representations or guarantees of any kind, either made orally, or expressed or implied, are made with regard to the matters contained in this document, including any attachments, letters of transmittal, or any other related documents. The Respondent must rely solely on its own independent assessment as the basis for the submission of any offer made.

T. Award Consideration and Length of Contract

The Port shall not be bound to accept the lowest-quote fee and will award the contract (if any) to the company/firm selected through the competitive process (and any subsequent interviews) outlined in this RFP.

The Port will award a one-year contract (if any) and will have the option to issue one (1) one-year extension not to exceed a total period of (2) two years (at the costs quoted in this proposal).

U. Contract Termination

The Port may terminate the agreement (and or contract) with the Respondent on thirty days notice for the failure of the Respondent to comply with any term(s) of the agreement/contract between the Port and the Respondent.

V. Protest Procedures

Any party that has timely submitted a responsive proposal may file a protest of award in accordance with the provisions set forth below:

1. Any protest must be submitted in writing to John Betterton, Secretary of the Board, by 5:00 p.m. of the fifth (5th) business day following publication of the identity of the apparent successful proposer (or of notice of intended award, if such notice is issued).
2. The protest must include the name, address and telephone number of the person representing the protesting party.
3. The initial protest document must contain a complete statement of the basis for the protest, including in detail, all grounds for protest, including without limitation all facts, supporting documentation, legal authorities and argument in support of the grounds for the protest; any matters not set forth in the written protest shall be deemed waived. All factual contentions must be supported by competent, admissible and creditable evidence.

Any protest not conforming to the foregoing shall be rejected by the Port without recourse.

Provided that a protest is filed in strict conformity with the foregoing, protests shall be heard initially by the Executive Director, or his/her designee, who shall issue a written report and a

recommended disposition of the protest, including written findings of fact and any conclusions of law. The Board of Port Commissioners (Board) may then ratify the Executive Director's (or his/her designee's) recommendations or conduct such further review of the protest, as the Board may determine. The Board will render a final determination and disposition of a protest by taking action to adopt, modify or reject the disposition of a protest. Action by the Board relative to a protest shall be final and not subject to appeal or reconsideration by Protestor, the Port, any employee or officer of the Port or the Board of Port Commissioners.

Non-Discrimination and Small Local Business Utilization Policy

Non-Discrimination: Port of Oakland (Port) policy prohibits discrimination or preferential treatment because of race, color, religion, sex, national origin, ancestry, age (over 40), physical or mental disability, cancer-related medical condition, a known genetic pre-disposition to a disease or disorder, veteran status, marital status, or sexual orientation.

Local Business Utilization: On October 7, 1997, the Board of Port Commissioners initiated a formal policy to encourage full participation of firms from its Local Business Area ("LBA"), the counties of Alameda and Contra Costa, particularly those in its Local Impact Area ("LIA"), in its work. The LIA includes the cities of Oakland, Alameda, Emeryville and San Leandro. The LBA includes all cities within the counties of Alameda and Contra Costa. The Port will also take into consideration efforts the Consultants make to assist in the community, e.g., assigning meaningful work to small and/or very small local sub-consultants, mentor protégé relationships, participation in job/trade fairs, hiring interns, pro bono work, and working with local schools, etc.

Consultant Preference Points: The Port allots preference points for the percentage of work being performed by consultants/sub-consultants located in either the LBA or the LIA and for community involvement for a maximum total of up to 15 points. These points are added to a maximum of 85 technical points for a composite maximum of 100 points in evaluating consultant proposals as follows:

- Up to 5 points will be credited proportionately (counting the whole team, prime consultant and sub-consultant(s)) for LIA certified firms, and 2.5 for LBA certified firms.
Note: LIA/LBA credit is given only for certified firms which have had established active offices in the respective area for at least a year at the time of proposal due date, and NOT for outside firms which plan to do the project work at a LIA/LBA office;
- An additional 3 points will be credited for an LIA certified prime consultant (proportionate to the share of prime consultant work in the case of a joint venture) and 1.5 points for an LBA certified prime consultant;
- Up to 4 points will be credited proportionately (counting the whole team, prime consultant and sub-consultant(s)) for Very Small Business Enterprise (VSBE) certified firms, and 2 points for Small Business Enterprise (SBE certified firms); and
- Up to 3 points for commitment to the Port's values and programs, e.g., mentoring small and/or very small local businesses and providing meaningful work for small and/or very small local sub-consultants; utilization of college and high school interns from the LIA; participation in job fairs and trade fairs targeted to LIA residents and businesses; and other work showing the consultant's efforts to contribute to the economic development of the LIA.

In summary, please submit the following attachments in each copy of your proposal:

1. Attachment 4-A, Chart for Submitting Data for Calculation of Preference Points. List the team members' (prime and subs) names, roles, location and LIA/LBA/SBE/VSBE status in the format shown in Attachment 4-B. Be specific as to the nature and estimated percentage of the work to be performed by the prime, any joint venture partners and/or sub-consultants.
2. Attachment 4-B, Local Participation Questionnaire.
Complete for each sub-consulting firm or individual, as well as for the prime consultant.

Any proposal that fails to complete and submit the above two items (Prime *and* sub-consultants) will not be considered. For firms headquartered outside the LIA/LBA, who wish to obtain credit for local offices, the Port will only telephone or address mail to that office and expect personnel assigned to the project to work at that office.

To obtain credit for these factors and for any preference points on this RFP, consultants or any team member must submit:

- Consultants or any team members wishing to be certified by the Port must submit a Certification Application, with all supporting documentation seven (7) business days prior to the proposal due date. The questionnaire and checklist of necessary supporting documents for certification may be obtained at: <http://www.portoakland.com/srd/certifie.asp>. For questions regarding certification, you may contact Pamela Bell at pbell@portoakland.com or (510) 627-1419. Firms certified by the Port of Oakland do not need to submit proof of certification.

For questions or assistance regarding this section, contact Ms. Donna Cason, Contract Compliance Office at (510) 627-1252, or dcason@portoakland.com in the Port's Social Responsibility Division.

**City of Oakland City Charter § 728
Living Wage Information**

**EMPLOYERS SUBJECT TO §728 OF THE CITY CHARTER MUST COMPLY WITH THE
FOLLOWING REQUIREMENTS:**

- 1) Pay all non-exempt employees the living wage rates (As of July 1, 2013, \$13.75 without health benefits or \$11.96 with health benefits). Port Ordinance No. 3666, as amended also requires that covered businesses provide employees at least twelve compensated days off per year, including holidays.
- 2) Pay at least \$1.79 per hour worked toward the provision of health care benefits for employees and/or their dependents, if the employer claims credit for health benefits.
- 3) **Provide written notification to each current and new employee, at time of hire, of his or her rights to receive the benefits under the provisions of these regulations.** The notification shall be provided in English, Spanish and other languages spoken by a significant number of the employees, and shall be posted prominently in communal areas at the work site. A copy of said notification is available from the Port Division of Social Responsibility.
- 4) Provide all employees earning less than \$12/hour notification in English, Spanish, and any other language spoken by a significant number of employees of their right to advance Earned Income Credit payments.
- 5) **Maintain a list of the name, address, date of hire, occupation classification, rate of pay, benefits paid for each of its employees, and compensated time off - and submit this list to the Port's Social Responsibility Division, Attention: Connie Ng-Wong, Living Wage Compliance Officer, by March 31st, June 30th, September 30th, and December 31st of each year.** If a covered employer has obtained a waiver from the Port Board of Directors, then the employer must still submit an annual payroll report covering each of its employees by December 31st of each year. Failure to provide the list within five days of the due date will result in a penalty of \$500 per day. Covered employers shall maintain payrolls and basic records for all employees and shall preserve them for a period of at least three years after the close of the compliance period.
- 6) Require subcontractors, tenants and subtenants, or licensees who are covered by these requirements to comply with the provisions of these regulations. **Covered employers shall be responsible for including language committing the subcontractor's, tenant's or licensee's agreement to comply, in the contract with the subcontractor.** Covered employers shall submit a copy of such subcontracts or other such agreements to the Port Division of Social Responsibility.
- 7) Permit authorized Port representatives access to work sites and, with employee consent, relevant payroll records for the purpose of monitoring compliance with these regulations, investigating employee complaints of non-compliance and evaluating the operation and effects of these regulations, including the production for inspection and copying of its payroll records for any or all of its employees for the applicable compliance period. Permit a representative of the labor organizations in its industry to have access to its workforce at the Port during non-working time and in non-work areas to ensure compliance.

Employers who fail to submit documents, declarations or information required to demonstrate compliance with these regulations shall be deemed noncompliant or non-responsive and subject to the remedies as set forth in §728.

CONTRACT FOR PROFESSIONAL SERVICES

«ConsultantnaMe»
(«ScopeofWork»)

THIS CONTRACT FOR PROFESSIONAL SERVICES (“Contract”) is entered into on «EffectiveDate», between the City of Oakland, a municipal corporation, acting by and through its Board of Port Commissioners (“Port”), and «ConsultantnaMe» (“Consultant”), identified on Appendix D, who agree as follows:

1. Scope of Professional Services.

The Consultant shall perform all services described in Appendix A (“Services”), for the compensation set forth in Appendix B (“Payment”), which appendixes are attached and made a part of this Contract.

2. Term.

This Contract shall become effective upon its execution by Consultant and by Port (including approval by the Port Attorney). All Services whenever performed shall be deemed performed under this Contract, and all compensation paid to Consultant on account of the Services performed shall be deemed as payments of the Compensation.

3. Standard of Performance.

Consultant represents that it possesses all necessary training, licenses and permits to perform the Services, and that its performance of the Services will conform to the standard of practice of a professional that specializes in performing professional services of like nature and complexity of the Services.

4. Subconsultants.

Consultant shall perform the Services using the persons and subconsultants listed in Appendix A. Consultant shall hire only qualified persons or firms who are experienced in performing work of like nature and complexity to the Services, and who agree to be bound to the terms of the Contract to the extent of this scope of services. Consultant may substitute personnel or subconsultants prior to any such subconsultants commencing work only upon the Project Manager’s written consent, which may be withheld or delayed in Port’s discretion.

The Port of Oakland, as a Department of the City of Oakland, participates in the California Public Employees' Retirement System ("CalPERS"), and the use of any consultant or subconsultant employees who have retired from a CalPERS agency shall be in compliance with applicable CalPERS rules and regulations.

5. Indemnification and Liability.

5.1 To the fullest extent permitted by law (including, without limitation, California Civil Code Section 2782, 2782.6 and 2782.8), Consultant shall defend (with legal counsel chosen or approved by the Port Attorney), indemnify and hold harmless Port and its officers, agents, departments, officials, representatives and employees (collectively “Indemnitees”) from and against any and all claims, loss, cost, damage, injury (including, without limitation, injury to or death of an employee of Consultant or its Subconsultants), expense and liability of every kind, nature and description

«ConsultantnaMe»

(including, without limitation, incidental and consequential damages, court costs, paralegal and attorneys' fees (including costs attributable to in-house paralegals and attorneys), Port staff costs, litigation expenses and fees of expert consultants or expert witnesses incurred in connection therewith and costs of investigation) that arise from or relate to, directly or indirectly, in whole or in part, from: (1) the Services under this Agreement, or any part thereof, or (2) any negligent act or omission of Consultant, any Subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively "Liabilities"). Such obligations to defend, hold harmless and indemnify any Indemnitee shall not apply to the extent that such Liabilities are caused in whole or in part by the sole negligence, active negligence, or willful misconduct of such Indemnitee, but shall apply to all other Liabilities.

- 5.2 Consultant shall defend (with legal counsel chosen or approved by the Port Attorney), indemnify and hold harmless the Indemnitees from all loss, cost, damage, expense, liability or claims, in law or in equity, including paralegal and attorneys' fees (including costs attributable to in-house paralegals and attorneys), Port staff costs, court costs, litigation expenses and fees of expert consultants or expert witnesses, that may at any time arise for any infringement of the patent rights, copyright, trade secret, trade name, trademark, service mark or any other proprietary right of any person or persons in consequence of the use by Port, or any of the other Indemnitees, of articles or Services to be supplied in the performance of this Agreement.

6. Notices.

The Port and Consultant shall provide notices to the other in the form of a writing, sent by facsimile and by U.S. Mail. If to the Port, it shall be addressed to the Project Manager (identified on Appendix E) at:

**Port of Oakland
530 Water Street
Oakland, CA 94607**

or to such other place as the Port may such similar notice in writing designate. If to the Consultant, the same shall be addressed to the individual and address noted on Appendix D hereto or to such other place as the Consultant may by such similar notice in writing designate.

7. Insurance.

At its own expense, the Consultant shall maintain in force during the term of this Agreement insurance type(s) and in the amount(s) required by Appendix C hereof.

8. Independent Contractor.

Consultant shall at all times be deemed an independent contractor wholly responsible for the manner in which it performs the Services, and fully liable for the acts and omissions of its employees, subconsultants and agents. Under no circumstances shall this Contract be construed as creating an employment, agency, joint venture or partnership relationship between Port and Consultant, and no such relationship shall be implied from performance of this Contract. Terms in this Contract referring to direction from Port shall be construed as providing for direction as to policy and the result of services only, and not as to means and methods by which such a result is obtained. Consultant shall pay all taxes (including California sales and use taxes) levied upon this Contract, the transaction, or the Services and/or goods delivered pursuant hereto without additional compensation, regardless of which party has liability for such tax under applicable law, and any deficiency, interest or penalty asserted with respect thereto. Consultant represents that it will collect, report, and pay all sales and or use taxes to the State Board of Equalization. Upon full payment, the Consultant will issue the Port a receipt pursuant to California Revenue and Taxation Code Section 6203, relieving the Port of all liability for any tax relating to the scope of this Agreement. The Consultant shall pay all other taxes including but not limited to any applicable City of Oakland business tax, not explicitly assumed in writing by the Port hereunder. The Consultant shall comply with all valid administrative

regulations respecting the assumption of liability for the payment of payroll taxes and contributions as above described and to provide any necessary information with respect thereto to proper authorities.

9. Conflict of Interest; Confidentiality.

- 9.1 Consultant represents that it is familiar with Section 1090 and Section 87100 et seq. of the Government Code of the State of California, and that it does not know of any facts that constitute a violation of said sections.
- 9.2 Consultant represents that it has completely disclosed to Port all facts bearing upon any possible interests, direct or indirect, which Consultant believes any member of Port, or other officer, agent or employee of Port or any department presently has, or will have, in this Agreement, or in the performance thereof, or in any portion of the profits thereunder. Willful failure to make such disclosure, if any, shall constitute ground for termination of this Agreement by Port for cause. Consultant agrees to comply with all conflict of interest codes adopted by the City of Oakland and Port of Oakland and their reporting requirements.
- 9.3 Consultant covenants that it presently has no interest, and shall not have any interest, direct or indirect, which would conflict in any manner with the performance of Services required under this Agreement. Without limitation, Consultant represents to and agrees with the Port that Consultant has no present, and will have no future, conflict of interest between providing the Port the Services hereunder and any interest Consultant may presently have, or will have in the future, with respect to any other person or entity (including but not limited to any federal or state wildlife, environmental or regulatory agency) which has any interest adverse or potentially adverse to the Port, as determined in the reasonable judgment of the Port. The provisions of this Section 9 shall remain fully effective indefinitely after termination of Services to the Port hereunder.
- 9.4 Consultant acknowledges and agrees that, in the performance of the Services under this Agreement or in the contemplation thereof, Consultant may have access to private or confidential information which may be owned or controlled by Port and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to Port. Consultant agrees that all information disclosed by Port to or discovered by Consultant shall be held in strict confidence and used only in performance of the Agreement. Consultant shall exercise the same standard of care to protect such information as a reasonably prudent Consultant would use to protect its own proprietary data, and shall not accept employment adverse to the Port's interests where such confidential information could be used adversely to the Port's interests. Consultant agrees to notify the Port immediately in writing if it is requested to disclose any information made known to or discovered by Consultant during the performance of or in connection with this Agreement.
- 9.5 Any publicity or press releases with respect to the Project or Services shall be under the Port's sole discretion and control. Consultant shall not discuss the Services or Project, or matters pertaining thereto, with the public press, representatives of the public media, public bodies or representatives of public bodies, without Port's prior written consent. Consultant shall have the right, however, without Port's further consent, to include representations of Services among Consultant's promotional and professional material, and to communicate with persons or public bodies where necessary to perform under this Agreement.
- 9.6 The provisions of this Section 9 shall remain fully effective indefinitely after termination of Services to the Port hereunder.

10. Suspension and Termination of Services.

Port may direct Consultant to suspend, delay or interrupt Services, in whole or in part, for such periods of time as Port may determine in its sole discretion. Port may issue such directives without cause. Port will issue such directives in writing. Suspension of Services shall be treated as an excusable delay. (ii) Port may terminate performance of the Services under this Contract in whole, or from time to time in part, for default, should Consultant commit a material breach of this Contract, or part thereof, and not cure such breach within ten (10) calendar days of the date of Port's written notice to Consultant demanding such cure. In the event Port terminates this Contract for default, Consultant shall be liable to Port for all loss, cost, expense, damage and liability resulting from such breach and termination. (iii) Port may terminate performance of the Services under this Contract in whole, or from time to time in part, for convenience, whenever Port determines that such termination is in Port's best interests. In the event Port terminates this Contract for convenience, Consultant shall be entitled to recover its costs expended up to the termination plus reasonable profit thereon to the termination date, but may recover no other cost, damage or expense.

11. Ownership of Work Product.

Any interest (including copyright interests) of Consultant or its subcontractors or subconsultants, in studies, reports, memoranda, computational sheets, drawings, plans or any other documents (including electronic media) prepared by Consultant or its subcontractors or subconsultants in connection with the Services, shall become the property of the Port. To the extent permitted by Title 17 of the United States Code, work product produced under this Contract shall be deemed works for hire and all copyrights in such works shall be the property of the Port. With Port's prior written approval, Consultant may retain and use copies of such works for reference and as documentation of experience and capabilities.

12. Audit/Inspection of Records.

12.1 Consultant shall maintain all documents and records prepared by or furnished to Consultant during the course of performing the Services for at least three (3) years following completion of the Services, except that all such items pertaining to hazardous materials shall be maintained for at least thirty (30) years. Such records include, but are not limited to, correspondence, internal memoranda, calculations, books and accounts, accounting records documenting its work under its Contract, and invoices, payrolls, records and all other data related to matters covered by this Contract. Consultant shall permit Port to audit, examine and make copies, excerpts and transcripts from such records. The State of California or any federal agency having an interest in the subject of Contract shall have the same rights conferred to Port by this section. Such rights shall be specifically enforceable.

12.2 The Consultant shall maintain full and adequate records in accordance with Port requirements to show the actual costs incurred by the Consultant in the performance of this Agreement. If such books and records are not kept and maintained by Consultant within a radius of fifty (50) miles from the offices of the Port at 530 Water Street, Oakland, California, Consultant shall, upon request of the Port, make such books and records available to the Port for inspection at a location within said fifty (50) mile radius or Consultant shall pay to the Port the reasonable, and necessary costs incurred by the Port in inspecting Consultant's books and records, including, but not limited to, travel, lodging and subsistence costs. Consultant shall provide such assistance as may be reasonably required in the course of such inspection. The Port further reserves the right to examine and reexamine said books, records and data during the three (3) year period following termination of this Agreement or completion of all work hereunder, as evidenced in writing by the Port, and the Consultant shall in no event dispose of, destroy, alter, or mutilate said books, records, accounts, and data in any matter whatsoever for three (3) years after the Port makes the final or last payment or within three (3) years after any pending issues between the Port and Consultant with respect to this Agreement are closed, whichever is later.

- 12.3 If the Consultant's books and records have been generated from computerized data, Consultant agrees to provide the Port or its representative extracts of data files in a computer readable format on data disks, e-mail with attached files or suitable alternative computer data exchange formats. The Consultant should not charge the Port for the reasonable use of the Consultant's photocopying machine while conducting the audit, nor for any cost of retrieving, downloading to diskette, and or printing any records or transactions stored in magnetic, optical, microform or other media.
- 12.4 Consultant agrees, upon commencement of an audit by or on behalf of the Port pursuant to this Section 12 (an "Audit"), to toll for the Tolling Period (as defined below) all applicable periods of any statutes of limitations, laches or other defenses based on the Port's failure to file an action during the Tolling Period with regard to any matter arising out of the Audit. Such tolling shall commence on the Port's written notice to the Consultant that the Audit has commenced (the "Tolling Effective Date") and shall end four years after the date that the Port delivers to the Consultant a written copy of the Port's final findings on the Audit or on such later date as may be set forth in a written agreement between the parties (the later of such dates is the "Tolling Termination Date," and the period commencing on the Tolling Effective Date and ending on the Tolling Termination Date is the "Tolling Period"); provided, however, that the Tolling Period shall in no event be in excess of the time provided for in California Code of Civil Procedure § 360.5. Consultant agrees not to assert the defense of laches, statute of limitations or any other defense based upon the Port's failure to timely file an action during the Tolling Period with regard to any matter arising out of the Audit. Notwithstanding the foregoing, the tolling agreement set forth in this paragraph shall be inadmissible to determine liability or damages or any issue in dispute (other than the Tolling Period) under the Audit, whether before regulatory bodies, alternative dispute resolution proceedings or state or federal courts.

13. Non-discrimination.

Consultant acknowledges that it has received and reviewed a copy of the most current version of the Port of Oakland's Unlawful Harassment Policy and Procedures. The purpose of these procedures is to provide an effective and expedited system of resolving allegations of employment discrimination and prevention of unlawful harassment in the workplace. The Consultant shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, ancestry age (over 40), physical or mental disability, cancer-related medical condition, a known genetic pre-disposition to a disease or disorder, veteran status, marital status, or sexual orientation. Consultant shall take affirmative action to ensure that applicants and employees are treated fairly. Such action shall include, but not be limited to the following: hiring, upgrading, recruitment, advertising, selection for training, including apprenticeship, demotion, transfer, compensation, lay-off or termination, or any other term or conditions of employment.

14. Disputes.

Consultant shall continue its work throughout the course of any dispute, and Consultant's failure to continue work during a dispute shall be a material breach of this Contract.

15. California Law.

This Contract shall be deemed to have been executed in the City of Oakland, Alameda County, California. Enforcement of this Contract shall be governed by the laws of the State of California, excluding its conflict of laws rules. The exclusive venue for all litigation arising from or relating to this Contract shall be in Alameda County, California. Should any clause, provision or aspect of this Contract be determined at any time to be unenforceable or in contravention of law, then the remaining clauses and provisions of this Contract shall be enforceable to the fullest extent permitted by law and construed to give effect to fullest extent possible the intent of this Contract.

16. No Third Party Beneficiaries.

Except as expressly provided in this Contract, nothing in this Contract shall operate to confer rights or benefits on persons or entities not party to this Contract. Time is of the essence in the performance of this Contract.

17. Entire Contract.

This Contract and any written modification shall represent the entire and integrated agreement between the parties hereto regarding the subject matter of this Contract, shall constitute the exclusive statement of the terms of the parties' agreement, and shall supersede any and all prior negotiations, representations or agreements, written or oral, express or implied, that relate in any way to the subject matter of this Contract or written modification. All prior negotiations are merged into this Contract and shall be inadmissible in any enforcement of this Contract.

18. No Waiver.

The granting of any progress payment, and any inspections, reviews, approvals or oral statements by any Port representative, or certification by any governmental entity, shall in no way limit Consultant's obligations under this Contract. Either party's waiver of any breach, or the omission or failure of either party, at any time, to enforce any right reserved to it, or to require strict performance of any provision of this Contract, shall not be a waiver of any other right to which any party is entitled, and shall not in any way affect, limit, modify or waive that party's right thereafter to enforce or compel strict compliance with every provision hereof. This Contract may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved by fully authorized representatives of Port and Consultant.

19. Statutes of limitation.

As between the parties to this Contract, any applicable statute of limitations for any act or failure to act shall commence to run on the date of Port's issuance of the final Certificate for Payment, or termination of this Contract, whichever is earlier, except for latent defects, for which the statute of limitation shall begin running upon discovery of the defect and its cause.

20. Covenant Against Contingent Fees:

- 20.1 Consultant warrants that no person or agency has been employed or retained to solicit or obtain the Agreement upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Port, at its option, may annul the Agreement or deduct from the contract price or otherwise recover from Consultant the full amount of the contingent fee.
- 20.2 As used in this Section, "bona fide agency" means an established commercial or selling agency, maintained by Consultant for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Port contracts nor holds itself out as being able to obtain any Port contract or contracts through improper influence.
- 20.3 As used in this Section, "bona fide employee" means a person, employed by Consultant and subject to Consultant's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Port contracts nor holds itself out as being able to obtain any Port contract or contracts through improper influence.
- 20.4 As used in this Section, "contingent fee" means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Port contract.

- 20.5 As used in this Section, "improper influence" means any influence that induces or tends to induce a Port Commissioner, employee or officer to give consideration or to act regarding a Port contract on any basis other than the merits of the matter.

21. Severability.

Any provision or portion thereof of this Contract prohibited by, or made unlawful or unenforceable under any applicable law of any jurisdiction, shall as to such jurisdiction be ineffective without affecting other provisions or portions thereof of this Contract. If the provisions of such applicable law may be waived, they are hereby waived to the end that this Contract may be deemed to be a valid and binding agreement enforceable in accordance with its terms to the greatest extent permitted by applicable law.

22. Compliance with Laws.

- 22.1 Consultant represents that it will comply with all applicable laws, ordinances, general rules or regulations, permits, or land use restrictions or limitations at any time applicable thereto of any public or governmental authority, including the City and the Port, including but not limited to The Charter of the City (including without limitation Section 728 entitled "Living Wage and Labor Standards at Port-Assisted Businesses" and Port Ordinance No. 3666 entitled "An Ordinance Establishing a Living Wage Requirement") in the performance of the Services, regardless of whether such laws are specifically stated in this Agreement and regardless of whether such laws are in effect on the date hereof. Consultant shall comply with all security requirements imposed by authorities with jurisdiction over the Project (including, but not limited to, Federal Aviation Administration, U.S. Department of Transportation, and other government agencies), and will provide all information, work histories and/or verifications as requested by such authorities for security clearances or compliance.
- 22.2 Consultant further represents that all plans, drawings, specifications, designs and any other product of the Services will comply with all applicable laws, codes and regulations, consistent with the standard of care in this Agreement.
- 22.3 Consultant, as a condition of execution of this Contract certifies under penalty of perjury and as a condition of payment of its invoice(s) for service provided under this Contract as follows:
- a. All Employees, as defined respectively under Port Ordinance No. 3666, and Section 728 of the Charter of the City of Oakland (Hereinafter "Living Wage laws"), as amended from time to time, engaged in Covered Activities (as defined in the respective Living Wage laws) shall be compensated in compliance with the requirements of the respective and applicable Living Wage laws;
 - b. Claims, records and statements relating to Consultant's compliance with the Living Wage laws are true and accurate, and are made with the knowledge that the Port will rely on same, and that they are submitted to the Port for the express benefit of Consultant's employees engaged in Covered Activities;
 - c. Should the Living Wage laws not apply to Consultant at the time this Contract is entered into, but thereafter become applicable, Consultant will comply with all of its obligations under the respective Living Wage laws, when applicable; and
 - d. All terms used in this Section 22.3 and not defined shall have the meaning ascribed to such terms in the respective applicable Living Wage laws.

23. Agent for Service of Process.

- a. Pursuant to California Code of Civil Procedure, Section 416.10, Consultant hereby designates an agent for service of process as identified in Appendix D hereto.
- b. Consultant may at any time designate a new agent for service in the State of California by providing written notice, duly executed in the same manner as this Agreement, of the full name and address of its new agent. Unless otherwise agreed in writing by the Port of Oakland, no attempt to revoke the agent's authority to receive service shall be valid unless Port of Oakland has first received a duly executed designation of a new agent meeting the requirements of California law.

IN WITNESS WHEREOF, the parties hereto have executed this Contract as of the day first mentioned above.

APPENDIX B – PAYMENT

This is an appendix attached to, and made a part of, the Contract dated «**EffectiveDate**» between the City of Oakland acting through its Board of Port Commissioners (“Port”) and «**ConsultantnaMe**» (“Consultant”) for the provision of professional services.

1. Basic Services. The Port will pay Consultant for Basic Services, a maximum compensation of «**Compensation**» (Contract Price”), which sum includes costs for reimbursable expenses as identified below. Such payment shall be full compensation for all Basic Services required, performed or accepted under this Contract. If Port and Consultant previously executed a purchase order for services within the scope of the Services of this Contract, then the services performed and the compensation paid under that purchase order shall be subject to the terms of this Contract and the previous payments deemed payments against the Contract Price established in this Appendix. Such maximum compensation may only be increased as follows:

☐ With the prior written approval of the Executive Director for an additional amount not to exceed the limit authorized by the Board in Resolution No. «**Resolution**». Increase in maximum compensation with additional changes in scope of work shall be documented by a supplemental agreement to this contract.

☐ With the adoption of authorizing resolution by the Board of Port Commissioners.

2. Payment Schedule. Progress payments for Basic Services for each phase of the work shall be made as follows:

☐ upon completion of the work

☐ as invoiced

☐ monthly

☒ as set forth in the attached schedule.

3. Reimbursable Expenses. Reasonable expenses to be reimbursed upon approval of Project Manager.

☐ Yes (IDENTIFY)

☐ No

☐ **Limits:**

4. Invoices. All payments shall require a written invoice from Consultant in a form acceptable to Port. Port shall make payment on approved amounts within each invoice within 30 days of receipt. **Original invoices shall be sent directly to the Technical Manager.**
