Bid No.: 16-17/21, CISCO SMARTnet Renewal

The Port of Oakland is currently enrolled in Cisco's SMARTnet program, and the equipment covered in the program have various start and end dates. The Port seeks to renew the SMARTnet licenses so that SMARTnet coverage of the 208 Cisco equipment items (listed below) ends on June 30, 2022. Most of the SMARTnet will expire on June 30, 2017, but the Port will not renew them until August 31, 2017. Your bid should take this into account the expiration dates of the Cisco equipment items as noted in the table below.

Some of the equipment will not be eligible for SMARTnet through June 30, 2022 because they will be at end of life before then. In those cases, the SMARTnet shall be renewed as long as possible up to June 30, 2022.

Bids may only be provided by authorized partner/resellers for Cisco SMARTnet, and proof is required. To be considered a responsive, responsible bidder, the bidder shall certify that they are an authorized CISCO Partner and/or Reseller in the Detail Bid Form, Enclosure B. **Term of agreement is five years, and payments are to be made annually.** Partner/reseller should price this accordingly.

It is required that the selected bidder provide a designated account representative to work closely with Port staff to ensure orders are delivered as specified. Please provide their contact information on the Detail Bid Form, Enclosure B.

ELECTRONIC DELIVERY ONLY

Pricing should reflect *Electronic Delivery* of any software such as upgrades and patches; also include any applicable sales taxes that may apply. NOTE – The Port does not anticipate taxes will apply to SMARTnet renewal but if some portion is applicable, the current tax rate will apply for Alameda County of 9.25%.
