**Date:** Wednesday, January 16, 2019 6:21:15 PM

---

Hi all,

As I made my way through emails today, I have this one from Ryan. I am sure he is sending them to me because I was already in his 'in-box' from the other meeting announcements and that these questions should be considered a submittal as part of the Public Review of the Revised Draft Plan.

Thank you.

Surlene

**Subject:** RE: Port of Oakland Air Quality Task Force Meeting

Good afternoon Surlene,

Please see questions below following the Seaport AQ Task Force Meeting last week:

1. [How will the Port determine how grants should be distributed amongst tenants or which tenants they assist in receiving incentives?](#)
2. In terms of reporting, how will the term "Periodic" be defined (e.g. semiannual, biennial, etc.)? If EI's are completed by the Port, what effort will be required by tenants e.g. recordkeeping requirements, document submittals, etc?
3. Some efficiency measures may have a "cost to tenants" – are any of these measures mandatory and have they been scoped out for the Near-Term Action Plan?
4. To help tenants minimize disruption, are there any plans to expedite permitting/regulatory processes for activities required by the tenants as part of the 2020 and Beyond Plan?

Thank you,

Ryan

Hi Surlene,

Chris Easter (ESA) and I will be there tomorrow.

Thanks.

Greetings,

Depending on when you are reading this message, the Task Force meeting is “today.” If you have already responded, I have received the information. This is just (another) reminder. I have sent several reminders. Please forgive the duplication – it is because due to the holidays, many emails were returned with “out of office until this week” messages. So, I want to give all stakeholders an opportunity to see this information.

The next meeting for the Seaport Air Quality 2020 and Beyond Task Force will be:

**Thursday, January 10 from 1 p.m. to 4 p.m.**  
**Port of Oakland Exhibit Conference Room**  
**Ground Floor**  
**530 Water Street, Oakland**

You can find a copy of The *Revised Draft Seaport Air Quality 2020 and Beyond Plan* for your review online at <https://www.portofoakland.com/community/environmental-stewardship/maritime-air-quality-improvement-plan/>.

If you have not done so, if you could RSVP regarding your attendance to this email address, it would be greatly appreciated.

Thank you for your continued engagement. Looking forward to seeing you.
