

**Port of Oakland Maritime Air Quality Improvement Plan (MAQIP)
Reconvened MAQIP Task Force - Meeting #2
Final Agenda
Focus: “Year 2018 Update to the 2009 MAQIP and Moving Forward to the 2020
and Beyond Plan”
May 9, 2018
10:00 a.m. – 2:00 p.m.
Port of Oakland, 530 Water Street, Oakland
Exhibit Room @ Street Level, near the Water Street entrance**

The meeting will start promptly at 10:00 a.m. Please plan to arrive by 9:45 a.m. We have a full agenda and want to ensure that MAQIP members are seated by 10:00 a.m., and that there is ample time for discussion. To minimize printing, a limited number of presentation handouts will be provided at the meeting. All presentations will be available on the Port of Oakland’s MAQIP website at:
<https://www.portofoakland.com/community/environmental-stewardship/maritime-air-quality-improvement-plan/>

Lunch will be hosted by Port.

Meeting Objectives:

Closing the Gap – Achieving 2020 DPM Reductions:

- Receive briefings on the Port’s proposed implementation plan of potential emissions reduction measures

Moving Forward – 2020 and Beyond:

- Receive briefings on factors affecting future air quality planning: community-based research and studies on health outcomes, relevant legislation
- Receive briefing on 2020 and Beyond “Blueprint” and solicit input on implications of community-based research and other considerations affecting the plan
