

NOTICE OF SHELL PIPELINE REMOVAL PROJECT

June 2014

In May 2014, the Board of Port Commissioners approved a development permit for Shell to remove 1,100 linear feet of inactive fuel pipeline in the Oakland Airport (OAK) Perimeter Dike.

This notice is being provided in accordance with the requirements of the California Environmental Quality Act that statutorily exempts pipeline removal projects providing certain conditions are met.

This notice appears at:

- Gate A of OAK
- the storage yard near the S. Field Tank Farm
- www.portofoakland.com.

Questions can be addressed to Mr. Douglas Herman, Port Environmental Scientist, 510-627-1184 or dherman@portoakland.com.
