## **I. Project Overview**

The City of Oakland, a municipal corporation, acting by and through its Board of Port Commissioners (the "Port") is soliciting proposals for a **Common Use Airport Lounge**. This request for proposals ("RFP") will result in the award of a concession privilege for the construction, maintenance and operation of a full service, Common Use Airport Lounge (the "concession opportunity") serving all passengers at the Oakland International Airport ("OAK" or the "Airport") in accordance with the terms and conditions of the *Space/Use Permit* attached to this RFP. The Port has identified 2,691± square feet of space in Terminal 1 as the location of the Common Use Airport Lounge. In evaluating Proposals, the Port will consider Respondent's commitment to the U.S. Department of Transportation's ACDBE Rules, the Port's related ACDBE Program, and the Port's Labor Peace Agreement Policy for Airport Concession Tenants Agreements (Resolution No. 14-18)

### **About the Port of Oakland**

The Port of Oakland was established in 1927 and oversees the Oakland seaport, Oakland International Airport, Commercial Real Estate, and 20 miles of waterfront. The Oakland seaport is the fifth busiest container port in the U.S.; Oakland International Airport is the second largest San Francisco Bay Area airport offering over 300 daily passenger and cargo flights; and the Port's real estate includes commercial developments such as Jack London Square and hundreds of acres of public parks and conservation areas. Together, through Port operations and those of its tenants and users, the Port supports nearly 70,000 jobs in the region and over 800,000 jobs across the United States. The Port is an independent department of the City of Oakland.

## **II. Scope of Services**

### **A. Proposed Concept and Design**

All Respondents must submit a description of its proposed Common Use Airport Lounge concept including services or products offered, space plans, and color renderings detailing the proposed Common Use Airport Lounge. The design should include, but is not limited to the following areas: reception/entry way, workstations, conference rooms, quiet seating, TV/Group seating, food service, limited and/or full-service bar, food preparation and storage, and a room set aside for other services as may be described by the successful Respondent. Restrooms, which would be considered beneficial to the Common Use Airport Lounge, are not a requirement as they and may not be accommodated in the available limited amount of space of the Premises.

### **B. Premises**

The available Premises consists of approximate 2,691± square feet on the concourse level of Terminal 1 at the Airport as illustrated on Exhibit "A". The Premises are vacant; prior improvements will need to be demolished prior to constructing any improvements to accommodate the Common Use Airport Lounge. There are four spaces consisting of three adjacent space of 1,192± square feet, 693± square feet and 115± square feet (which can be combined into a single contiguous space), with an additional 691 square feet in close proximity.

### **C. Projected Time Line and Length of Contract**

The *Space/Use Permit* shall be effective upon approval by the Board, which is anticipated to occur before June 1, 2015. The term of the *Space/Use Permit* shall expire approximately seven (7) years from the date of completion and opening of the Common Use Airport Lounge, or May 31, 2022, whichever date is earlier.

### **D. Proposed Financial Offer Inclusive of Investments**

Explain how the proposed Common Use Airport Lounge will enhance the Airport's overall concessions program, appeal to the traveling public, and optimize sales and services, and therefore revenue to the Port and include:

- i. Proposed capital investment for improving the Premises to operate a Common Use Airport Lounge;

- ii. Sales projections for the Common Use Airport Lounge;
- iii. Proposed minimum annual guaranteed (MAG) rental schedule;
- iv. Proposed percentage of sales payable to the Port as rent; and,
- v. Port will consider Respondent's financial (including capital) investment, stimulation of passenger growth generated by operation of Common Use Airport Lounge, as well as potential MAG and percentage rental revenue.

**E. Qualifications and Experience**

Proposals will be accepted from Companies that have at least two (2) years of experience within the last five (5) years directly operating a Common Use Airport Lounge. Clearly identify the Company's qualifications and describe any concession experience in airports. Include:

- i. A list of comparable Common Use Airport Lounge operations; discuss the venue, contract term, highest and lowest gross receipts during Respondent's term of operating the Common Use Airport Lounge;

- iv. Local management team, including experience and qualifications.

**F. Management and Operations Plan**

- i. Proposed description of day-to-day operations schedule, staffing plan, pricing list for services and merchandise offered, approach to quality control, corporate monitoring, and supervision in order to maintain high levels of service, sales, and (secondarily) revenue to the Port;
- ii. Proposed schedule for regular cleaning, maintenance, refurbishing, and visual and functional inspections of the Premises;
- iii. Outreach to airlines and other partners to maximize passenger exposure and knowledge of OAK's Common Use Airport Lounge;
- iv. Merchandise or product storage requirements (if more space required besides the Premises); and,
- v. Customer service programs, including a discussion on how customer complaints will be resolved.

**III. Port Policy Requirements**

The selected Respondent will be required to comply with the following Port Policy Requirements:

1. Airport Concession Disadvantaged Business Enterprise (ACDBE) Program:

The Services described in this RFP are subject to the requirements of the U.S. Department of Transportation's regulation 49 Code of Federal Regulations (CFR) Part 23 (the "ACDBE" Rules). The successful Respondent shall comply with all of the nondiscrimination requirements contained in the *Space/Use Permit*, and with the ACDBE Rules, and shall not discriminate against any business owner because of the owners' race, color, sex, or national origin in the award or performance of the *Space/Use Permit*.

The Port is currently administering a race neutral Airport Concession Disadvantaged Business Enterprise (ACDBE) program and as such is not establishing a contract-specific goal for the Services. The overall goal is 20.26% for federal fiscal years 2015-2017, and the Port expects to meet its ACDBE participation goals entirely through race-neutral means. The Port encourages all Respondents to take active race/gender neutral steps to include ACDBE's, including but not limited to local ACDBE's, in this concession opportunity. Race/gender neutral steps include: unbundling large contracts, subcontract work the Respondent may self-perform, providing capital and bonding assistance, business development programs and providing technical assistance. To facilitate the Port's compliance, each Respondent must in its Proposal identify those subcontractors or suppliers that are certified disadvantaged

business enterprises under the ACDBE Rules, the percentage of each ACDBE's participation and each ACDBE's certification number.

The Port is required to report ACDBE accomplishments to the FAA, Part 23 - Uniform Report of ACDBE Participation) annually.

The successful Respondent will be required to submit quarterly ACDBE attainment reports and letter (herein attached as **Attachments 5-A and 5-B**). The successful Respondent shall carry out applicable requirements of the ACDBE Rules. Failure by the successful Respondent to carry out these requirements will be a material breach of the *Space/Use Permit*, which may result in the termination of the *Space/Use Permit* or such other remedy as the Port deems appropriate.

The successful Respondent shall cooperate with the Port in meeting its commitments and objectives with regard to ensuring nondiscrimination in the award and administration of the *Space/Use Permit* and shall use its best efforts to ensure that barriers to participation of ACDBEs do not exist. In order for the participation to count toward ACDBE attainment, Respondents and/or its subcontractors must be certified as of the date of Proposal opening by an authorized agency of the California Unified Certification Program or [http://www.dot.ca.gov/hq/bep/business\\_forms.htm](http://www.dot.ca.gov/hq/bep/business_forms.htm)

2. Insurance Requirements:

All Respondents who plan on submitting a Proposal in response to this RFP must meet the Port's Insurance requirements incorporated into the *Space/Use Permit* (**Attachment 12**), and must provide proof of insurance at the time of award of this concession opportunity. Respondents must include a statement (**Attachment 10**) with their Proposal agreeing to the Port's insurance requirements and indicate they will be able to obtain the proper insurances at the time of award of this concession opportunity.

3. Living Wage Policy:

On March 5, 2002, the voters in the City of Oakland passed Measure I, adding to the City Charter Section 728 ("§728") entitled "Living Wage and Labor Standards at Port-assisted Businesses." §728 requires Port Aviation and Maritime businesses that meet specified minimum threshold requirements to pay all nonexempt employees a Living Wage rate established by City Ordinance and adjusted annually based on the Consumer Price Index for the San Francisco, Oakland, and San Jose area. The current Living Wage rate as of July 1, 2014 is at least \$12.27 with credit given to the employer for the provision to covered employees of health benefits, and \$14.10 without credit for the provision of health benefits. Specifically, §728 applies to Port contractors and financial assistance recipients with the Aviation or Maritime divisions that have contracts worth more than \$50,000 and that employ more than 20 employees who spend more than 25% of their time on Port-related work. §728 also provides covered employers with incentives to provide health benefits to employees, establishes a worker retention policy, requires covered employers to submit quarterly payroll reports and requires covered employers to allow Port representatives access to payroll records in order to monitor compliance and labor organization representatives access to workforces during non-work time and on non-work sites. Covered employers are responsible for complying with the provisions of §728 from the date the covered contract is entered into. When a contract is awarded, the Respondent will be required to fill out the attached Employer Self-Evaluation for Port of Oakland Living Wage Form (**see Attachment 7-A**) and Certificate of Compliance—Living Wage (**see Attachment 7-B**) and return them to the Social Responsibility Division. (i.e., do not include these forms in with your proposal). For more information, please call Connie Ng-Wong in the Port of Oakland's Social Responsibility Division at (510) 627-1390.

Respondent shall acknowledge reviewing the Port's Living Wage program and compliance, by submitting the Statement of Living Wage Requirement (**Attachment 8**) with their proposal.

4. Prevailing Wages License and Sub-contracting Requirements:  
Respondent submitting a proposal for a “public works” project (defined below) are required to pay prevailing wages pursuant to California Labor Code, Section 1720, et seq., and to abide by all subcontracting and subletting practices as defined by California Public Contract Code section 4100 et seq., and to abide by any Contracting Licensing requirements as defined by California Business and Profession Code. All Contractors performing work on Port property are required by law to be licensed and regulated by the Contractors State License Board.

California Labor Code Section 1720, (a)(1) provides that the term “public works” means:

Construction, alteration, demolition, installation, or repair work done under contract and paid for in whole or in part out of public funds, except work done directly by any public utility company pursuant to order of the Public Utilities Commission or other public authority. For purposes of this paragraph, “construction” includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

General prevailing rate of per diem wages in the locality in which the work is to be performed for each craft, classifications or type of worker needed to execute the contract, including employer payments for health and welfare, pension, vacation, apprenticeship and similar purposes is available at the Department on Industrial Relations Internet site accessible at [http://www.dir.ca.gov/DLSR/statistics\\_research.html](http://www.dir.ca.gov/DLSR/statistics_research.html).

The schedule of per diem wages is based upon a working day of eight hours. The rate for holiday and overtime work shall be at least time and one half.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the specified rates to all workers employed by them in the execution of the contract. It is the contractor’s responsibility to determine any rate change, which may have or will occur during the intervening period between each issuance of published rates by the Director of Industrial Relations.

5. Maritime and Aviation Project Labor Agreement (MAPLA):  
The Port has entered into a Maritime and Aviation Project Labor Agreement (MAPLA) with the Building and Construction Trades Council of Alameda County, AFL-CIO that covers all capital construction in the Port area, whether funded by the Port or by tenants. MAPLA is included as Document 00823 in the Port’s Standard Contract Provisions manual for public works projects, which can be downloaded in PDF format from the Port’s website at <http://www.portofoakland.com/business/standard.asp>. MAPLA has resulted in a Substance Abuse Prevention Policy on drug testing (Document 00824), a Social Justice Labor Management Cooperation Trust Fund (Document 00825), and requirements for Utilization of Off-Site Apprentice Work Force (Document 00826). MAPLA will apply to the tenant improvement construction aspects of this concession opportunity.
6. Port’s Standard *Space/Use Permit*:  
Submission of a Proposal will confirm that the Respondent fully understands the provisions of the Port’s *Space/Use Permit* and will execute such *Space/Use* if awarded the concession opportunity. Any objections to any provisions in the *Space/Use Permit* must clearly be identified in your Proposal. Changes are discouraged.
