**REQUEST FOR QUALIFICATIONS
FOR ENGINEERING CONSULTANT ASSESSMENT AND DESIGN SERVICES FOR PRIMARY
ELECTRICAL SUBSTATIONS SS-1 AND SS-2 IMPROVEMENTS AT THE
OAKLAND INTERNATIONAL AIRPORT, OAKLAND, CALIFORNIA**

The Port of Oakland ("Port") is soliciting Statements of Qualifications from qualified consultant teams to assess and design improvements for two substations in the Oakland International Airport. The selected team is expected to perform substation assessment and design tasks as well as provide project documents and construction support for improvements to substations SS-1 and SS-2. The consultant team shall possess expertise in multiple technical disciplines necessary to conduct a thorough system evaluation and provide a complete design plan to the Port.

The Statements of Qualifications will be subject to the Port's Non-Discrimination and Small/Local Business Utilization Policy provisions incorporated into this RFQ.

The Port has posted this RFQ in digital format on a hosting website that can be accessed via the 'Current RFP's & RFQs: Engineering Department' link at the following URL: <http://www.portofoakland.com/business/bids-rfps/rfq-engineering/>. Interested consultant teams should carefully review the requirements of this RFQ and ensure that they meet all stated requirements.

Consultant teams interested in submitting Statements of Qualifications for this work are strongly advised to attend a Pre-Submittal Meeting scheduled as follows:

9:00 a.m. on Tuesday August 13, 2019
Muir Woods Conference Room
Oakland International Airport, Terminal 1
1 Airport Drive
Oakland, CA 94621

At this meeting, the Port will provide a review of information related to the Port's insurance requirements, Non-Discrimination and Small/Local Business Utilization Policy, and will informally answer questions regarding the proposed project, submittal requirements and the selection process. A project site visit will follow the Pre-Submittal Meeting.

Statements of Qualifications must be submitted by 12:00 noon on Wednesday, August 28, 2019. Please refer to the RFQ for other applicable details.

Sincerely,

Rob Andrews
Interim Chief Engineer/Director
of Engineering
