ADDENDUM No. 1

Bid No.: 22-23/25 – Smart-UPS and Battery Pack

This Addendum modifies the original Bid Documents for the above referenced Bid. Acknowledge receipt of this addendum in the space provided on the Bid Form (Attachment 2). Failure to do so may disqualify your bid.

The following questions were submitted by the deadline and are answered in this addendum.

1. **Question:** Can we submit the bid via email or just physically?

Answer: No electronic Bids will be accepted. To protect the integrity of the Bid process, the Port must receive sealed Bids (physical submittals only), delivered to the Port either in-person or by mail by the Due Date and Time indicated in the Bid. (Please note: Some physical deliveries have been intermittent/delayed in certain areas, so please plan accordingly and submit your Bid early to ensure timely receipt.) The Port of Oakland is open, and a hard copy can be dropped off at the security desk (9:00a.m. – 3:00p.m daily.)

2. **Question:** Would the Port be interested in equivalent product from other manufacturers such as Vertiv or TrippLite?

Answer: No, The Port has standardized on specific Smart-UPS and Battery Pack by American Power Conversion (APC) and will not accept comparable products. The Port will purchase only new products; therefore, alternative bids such as “Demo” or used products are not acceptable.

There are no other questions to Bid No. 22-23/25.
