## ADDENDUM No. 2

### Bid No. 23-24/06 – Element Fenders (aka Leg Fenders)

This Addendum modifies the original Bid documents for the above referenced Bid. Acknowledge receipt of this addendum in the space provided on Bid Form (Attachment 2). Failure to do so may disqualify your bid.

**The following questions were submitted by the deadline and are answered in this addendum.**

1. **Question:** Insurance Requirement. Since there is no labor or any other type of work involved, does the Port of Oakland require General Liability Insurance?

*Answer: Yes, Supplier shall maintain all insurance required under Applicable Law or commonly maintained by similarly situated, responsible businesses and in all events will maintain insurance of the types and in the amounts applicable to Supplier and the Work as required by the Port's Supplier Insurance Requirements.*

2. **Question:** Does the Port like to have the fenders in a certain timeframe?

*Answer: There is no defined timeframe needed for the fenders, but you must provide the number of days you can fulfill the order after the receipt of a Purchase Order on Bid Form Attached 2.*

3. **Question:** Since there is no labor involved, are we required to fill out Living Wage Requirements form?

*Answer: "Statement of Living Wage Requirements", Attachment 7, must be completed and included with your submission.*

4. **Question:** The delivery will come in a container. Does the Port want us to unload from the container or will the Port unload?

*Answer: The Port will unload from the container.*

5. **Question:** Is there an option for online submission or only physical submission?

*Answer: No online submission. See question# 10.*

6. **Question:** Just to confirm Bid Bond and Performance Bond is not required right? As on Bid document page 2 of 6 Point 10 is not checked.

*Answer: Bid Bond and Performance Bond are not required.*

7. **Question:** For the reorder, are we required to guarantee cost of the fender(s) for 12 months? But Shipping and other factors will be based on the quantity, e.g., for this 20 pcs we try to ship FCL but later on if the Port decides to order only 2 pieces then it will be LCL, so freight charge will be different. This is just to let you know.

*Answer: Yes, the cost per unit of the fender must remain for 12 months after the initial Purchase Order is executed.*

8. **Question:** For the bid, the Delivery Terms say F.O.B. Destination. As the fenders will be manufactured in India and will be shipped to U.S.A., do we have to include all the cost until the delivery location (Port of Oakland (Harbor Facilities) 651 Maritime St (Building D510), Oakland, CA 94607)?

*Answer: Yes*

9. **Question:** For the payment terms, as mentioned in the terms the Port would make the payment within 30 days of receiving goods. Does the Port offer any advance payments?

*Answer: No, the Port does not offer advance payment.*

10. **Question:** What is the best way to submit the bid documents to the Port?

*Answer: To protect the integrity of the Bid process, the Port requires Bidders to submit a sealed bid (physical submittals only), delivered either in-person or by mail by the Due Date and Time indicated on page 1 of Invitation for Bid, under "Instructions for Submitting Bids". Please plan accordingly since some physical deliveries have been delayed. Submit your Bid early to ensure timely receipt. The Port of Oakland is open, and your bid can be dropped off at the security desk from 9:00 a.m. to 3:00 p.m. Monday through Friday.*

11. **Question:** Is there a list of interested/potential bidders for the "Element Fenders (aka Leg Fenders)" Bid No. 23-24/06?

*Answer: Below is the list of interested/potential bidders that accessed the bid posting on the Port of Oakland bid website.*
