

PORT OF OAKLAND

NOTICE OF SOLICITATION OF SOQs GIS SUPPORT

The Port of Oakland ("Port") is soliciting Statements of Qualifications (SOQ) from qualified consultants for professional services for and related to the Port's GIS system on an as-required basis for GIS related tasks varying in size, complexity, and schedule. The Port requires professional services to support GIS workload and extend geospatial data and application development capabilities. The Port anticipates executing a contract for three years with two, one-year options to extend.

The Port has posted this Request for Qualification (RFQ) in digital format on a hosting website that can be accessed via the 'Current RFQ's: Engineering Consulting Services' link at the following URL: <http://www.portofoakland.com/business/bids-rfps/rfq-engineering/>. The proposed consultants should carefully review the requirements of this RFQ to ensure that they meet all of the stated requirements.

Consultants interested in submitting SOQs for this work are strongly urged to attend a Pre-Submittal Meeting to be held at the time/date/location specified under "RFQ Schedule", below. At the Pre-Submittal Meeting, the Port will provide information related to the Port's insurance requirements and Non-Discrimination and Small/Local Business Utilization Policy, and will answer questions regarding the proposed project, submittal requirements and the selection process.

Port policy prohibits discrimination or preferential treatment because of race, color, religion, sex, national origin, ancestry, age (over 40), physical or mental disability, cancer-related medical condition, a known genetic pre-disposition to a disease or disorder, veteran status, marital status, or sexual orientation. It is the policy of the Port of Oakland to encourage and facilitate full and equitable opportunities for small local businesses to participate in its contracts for the provision of goods and services. It is further the Port's policy that no discrimination shall be permitted in small local business participation in Port contracts or in the subcontracting of Port contracts. The successful Respondent shall comply with the Port's non-discrimination policy.

To the extent that the scope of services includes work that falls under the Labor Code definition of "public works" (Cal. Labor Code Section 1720 et seq), this project will be subject to compliance monitoring and enforcement by the Department of Industrial Relations (DIR). Consultants submitting a SOQ, and subcontractors or subconsultants performing any portion of the work that falls under the "public works" definition, must be registered with the DIR pursuant to DIR requirements prior to submission of the SOQ, and the Prime Consultant must include in its SOQ its own DIR registration number and the DIR registration numbers of all listed subcontractors and subconsultants that will participate in the "public works" portion of the scope of services.

Qualified firms submitting SOQs will receive credit for utilizing businesses that satisfy the requirements of the Port's Non-Discrimination and Small/Local Business Utilization Policy (NDSLBP), a summary of which is included herein as Attachment II (b). Prime consultants who wish to partner with small/local subconsultants can obtain information regarding Port-Certified SBE Professional and Engineering Firms from the Port's website, by performing a search of the Social Responsibility Division's on-line database at: <https://srd.portofoakland.com>.

Questions regarding this RFQ must be addressed in writing to the appropriate contact person listed under "RFQ Contacts", below. All questions not directed specifically to the primary contact person must be copied to said primary contact person. Respondents are advised that questions received less than seven (7) calendar days prior to the SOQ due date may not be answered. Where appropriate, the Port will respond in writing to respondent questions submitted in a timely fashion via an addendum or a 'Log of Responses to Respondent Questions'; see "Port Responses to Respondent Questions", below.

The Port reserves the right to reject any or all SOQs, to waive any irregularities or informalities not affected by law, to evaluate the SOQs submitted and to award the contract according to the SOQ which best serves the interests of the Port.
