**REQUEST FOR PROPOSALS
FOR CONSULTANT SUPPORT SERVICES FOR 7TH STREET GRADE SEPARATION PROJECTS
AT THE PORT OF OAKLAND**

The Port of Oakland ("Port") is soliciting proposals from qualified consultants to provide engineering services to support the Port during implementation of the 7th Street Grade Separation Projects as part of the overall GoPort Program. The GoPort Program includes a number of projects, implemented together with the Alameda County Transportation Commission (AlaCTC) and the City of Oakland (City).

The selected consultant team is expected to perform Oversight services and provide other as-needed engineering support during the bidding, procurement, construction, verification, validation and reporting phases of the 7th Street Grade Separation projects that are managed, advertised and administered by AlaCTC. The consultant team shall possess expertise in multiple technical disciplines necessary to support the Port.

The proposal will be subject to the Port's Non-Discrimination and Small/Local Business Utilization Policy provisions incorporated into this RFP.

The Port has posted this RFP in digital format on a hosting website that can be accessed via the 'Current RFQ's & RFQs: Engineering Department' link at the following URL: <http://www.portofoakland.com/business/bids-rfps/rfq-engineering/>. Proposing consultants should carefully review the requirements of this RFQ to ensure that they meet all of the stated requirements.

Consultants interested in submitting Proposals for this work are strongly urged to attend a Pre-Proposal Meeting scheduled as follows:

9:00 a.m. on Wednesday, March 13, 2019

Courtyard Conference Room

Port of Oakland Building, 2nd Floor

530 Water Street

Oakland, California

At this meeting, the Port will provide a review of information related to the Port's insurance requirements and Non-Discrimination and Small/Local Business Utilization Policy, and will informally answer questions regarding the proposed project, submittal requirements and the selection process.

Proposals will be received until 12:00 noon on Tuesday, April 2, 2019. Please refer to the RFP for other applicable details.

Sincerely,

Chris Chan

Director of Engineering
